Balder successfully completes placement of EUR 480m Senior Unsecured Convertible Bonds

Fastighets AB Balder (publ) ("Balder", or the "Issuer") has today successfully completed a placement of convertible bonds due 2028 (the "Bonds" and the "Offering") for an amount of EUR 480m, convertible into new Ordinary Class B-shares of Balder ("Shares").

The Offering provides proactive balance sheet management of upcoming debt maturities and diversification of funding sources with a new debt instrument carrying a significantly lower cash coupon than other debt instruments which improves credit metrics.

The net proceeds of the Offering will be used to manage Balder's liabilities in order to further prolong Balder's debt maturity structure.

The Bonds will bear a coupon of 3.50% per annum, payable quarterly in arrear in equal instalments and will have an initial conversion price of EUR 6.4292 corresponding to a premium of 32.5% above the reference share price, being the volume weighted average price of a Share on Nasdaq Stockholm between opening and closing of trading today (SEK 54.0528), converted at the prevailing SEK:EUR foreign exchange rate at closing of trading today (11.1398).

The Bonds will be initially convertible into approximately 74,659,366 Shares, subject to a cash settlement election.

The Bonds were offered by way of an accelerated bookbuilding process to institutional investors in accordance with Regulation S ("Regulation S") under the US Securities Act of 1933, as amended (the "Securities Act") outside the United States of America and any other jurisdiction in which offers or sales of the Bonds would be prohibited by applicable law. In Canada, the offering was only made to institutional investors who were both an accredited investor and a Canadian permitted client in Ontario, Québec, British Columbia or Alberta.

The settlement of the Bonds is expected to take place on or around 23 February 2023 (the "Settlement Date"). It is intended that an application will be made for the Bonds to be admitted to trading on the Open Market (Freiverkehr) segment of the Frankfurt Stock Exchange.

The Offering was conducted without preferential subscription rights for existing shareholders in accordance with the authorization for the Board of Directors of Balder, which was resolved upon at the Annual General Meeting on 12 May 2022. The reason for the deviation from the shareholders' preferential rights was to in a time- and cost-effective manner diversify Balder's funding sources with a new debt instrument, to the benefit of both Balder's shareholders and bond investors.

The size of the Offering, coupon and conversion premium were determined on the basis of an accelerated book-building, which was carried out to establish market terms for the Bonds. The Offering was placed with institutional investors only through a private placement, and in line with market practice for convertible bond transactions in Europe, the Bonds were marketed principally to European institutional investors who have specialized knowledge of such instruments.

In connection with the Offering, the Issuer has agreed to customary lock-up undertaking on future issuances of shares or share-related instruments vis-à-vis the Global Coordinators for a period of 90 calendar days from the Settlement Date, subject to customary exceptions.

Barclays Bank Ireland PLC, DNB Markets, Part of DNB Bank ASA, Skandinaviska Enskilda Banken AB (publ), and UBS Europe SE are acting as Global Coordinators and Joint Bookrunners on the Offering.
